

## Delhi Public School Gautam Buddha Nagar

Grades 1 & 2  
Session: 2025-26

### Flora and Fauna: Exploring the Natural World

*"Look deep into nature, and then you will understand everything better."*  
- Albert Einstein

Children of Grades 1 and 2 enthusiastically explored 'Flora and Fauna' a Work Education theme during the month of January, designed to introduce children to the wonderful world of plants and animals. This theme helped children understand the diversity, habitats, and importance of plants and animals in their environment. Through interactive discussions, worksheets, and experiential learning activities, students learnt about different types of plants and animals, the regions they belong to, and how they live in harmony with nature. Theme - based videos and PPT's were shown to the children and to reinforce the concept, an interesting worksheet was also done. Along with this the young explorers also went on a nature walk with their teachers to explore the different types of leaves, trees, bushes etc. They cherished sharing their experiences and observations with the fellow classmates. These engaging activities were designed to connect students with the natural world. From vibrant gardens to lively animal studies, the initiative encouraged curiosity, responsibility, and appreciation for biodiversity in our children.

### Lohri Celebration

*"Celebrate life as it is, not as you wish it to be."*  
-Sadhguru

The students of Grades 1 and 2 celebrated Lohri, the festival of harvest and happiness with great excitement- their little ones made the celebration lively by getting dressed in their favourite colourful ethnic attire. The celebration was made even more delightful with their favourite snacks at hand, including traditional treats like popcorn and peanuts. The highlight of the celebration was a lively dance party, with the young learners dancing to energetic tunes and spreading happiness through their screens. Children also showcased their creativity by making beautiful Lohri cards, capturing the essence of the festival through vibrant colours and thoughtful messages. The celebration not only brought smiles to the children's faces but also helped them understand the cultural significance of Lohri as a festival of harvest, joy, and togetherness. Our young learners proved that joy knows no boundaries- whether in school or at home, festivals can always bring us closer together!

### Republic Day Celebration

*"We are Indians, firstly and lastly."*  
- B. R. Ambedkar

The students of Grades 1 and 2 at DPS GBN celebrated Republic Day with immense enthusiasm and patriotic zeal. Children came proudly dressed in bright tricolour clothes, reflecting the spirit of the nation. They were briefed about the Republic Day Parade, flag hoisting by the President and the National Bravery Awards, which are given to children from all over India for their meritorious acts of bravery. A plethora of activities were organised to infuse the spirit of unity, brotherhood and patriotism among the students. Grade 1 children prepared healthy, tricolour sandwiches, which added a fun and delicious element to the day. A special assembly was also conducted, where the young learners expressed their love for India through patriotic songs and dances. At the same time, Grade 2 children got acquainted with how the Constitution was framed and the six Fundamental Rights granted to every citizen. They created colourful posters to depict these rights and learnt that the Fundamental Rights guarantee equality, freedom, and justice to every citizen. They empower individuals to live with dignity and safeguard the values of democracy. The celebration was a perfect blend of creativity, learning, and patriotism, leaving the children inspired with respect for their nation.
