## The Joy Ride- Children's Day Celebration

*“The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country.” - Jawaharlal Nehru*

Children's Day is celebrated in India every year on November 14 as a tribute to India's First Prime Minister, Jawaharlal Nehru. Fondly known as Chacha Nehru, he considered children as the real strength of a nation and foundation of the society. DPS, GBN celebrated Children's Day with gaiety, fun and frolic. The students donned the look of their favorite Cartoon Characters or Superheroes like Mickey Mouse, Batman, Barbie Doll, Superman etc. Our young children carried off their beautiful outfits and lovely costumes with grace and grandeur. The little ones captured our hearts with their giggles and laughter. During the party, children enjoyed playing a lot of games, eating and dancing together with their friends. Children displayed their creativity and created extraordinary paintings using the Paint Finger Dabbing technique. The event created beautiful memories for both the mentors and children. The children took part with great enthusiasm in the grand celebrations and enjoyed their day. Indeed, children are the best creation of God, they spread joy in every season, and we are glad to be part of this journey.

## Let's Create!

*"It's not how much we give, but how much love we put into giving." -Mother Teresa*

It is rightly said, 'Waste isn't waste, until we waste it'. Keeping the same ethos in mind, DPS, GBN organized 'SUPW Club (Socially Useful and Productive Work)', under the flagship of Work Education (WE) Activities in the month of November for the students of Classes I-III. The idea behind this activity was to make children self-reliant and innovative, and help them create something useful, using materials easily accessible to them. These activities help to enhance their creative skills and develop self-confidence, which plays a vital role in their growing years. The activities of the month inspired them to find beauty in waste. It evoked memories of transforming waste into beautiful and useful items. Children enjoyed making wonderful Fish Wall Hanging from an old CD, beautiful cards from pencil shavings, which they gifted to their family members, and a marvellous paper bag from newspapers. It was a delight to see our young learners adding their novel ideas to the activities. They enthusiastically participated in all the activities and came up with remarkable outputs. The parents and teachers appreciated the efforts of the children, which made them feel happy and gratified. Videos, stories, and many integrated activities piqued their interest and kept them engaged, wanting to know and explore more. Our young students displayed a superb level of enthusiasm.

## Incredible India

*"In diversity there is beauty and there is strength." - Maya Angelou*

DPS, GBN always believes in providing their students a platform to showcase their talents. Annual Day is an intrinsic part of a schools' curriculum. It is an occasion of celebration, felicitation and festivity, where students get an opportunity to present their wonderful talent via amazing performances. Class II's Annual Day was centered on the theme Incredible India, which symbolizes the integration within the diversity of our culture. This drama, 'Incredible India' was showcased for the parents and students on Sunday, November 14, 2021. The function was a brilliant array of soulful music, together with stupendous dance performances, confident anchoring and acting by our young performers. The drama revolved around an alien who is enlightened about the diverse cultures, social and ethnic elements of our nation which accentuates our strength, boasting about diversity, love and respect for each other thus relaying this message to one and all, beautifully. The audience was awed by the remarkable performance of the students which left a strong impact on everyone. We thank all the parents who helped us every step of the way in making this show a grand success.

## Let's Paint and Celebrate!

*"The more you know about the past, the better prepared you are for the future."*

— Theodore Roosevelt

Rotary Clubs are recognized for serving others, fostering integrity, promoting goodwill, and contributing to world peace and understanding. On the occasion of Children's Day, the 2nd Rotary Day Celebration featured an art competition that encouraged the blending of traditional and contemporary methods of illustration. 'Monuments of India' was the theme of this competition and with this theme, students were challenged to experiment with various creative methods within art and execute and interpret the theme with flair and imagination. Students came up with phenomenal ideas and put together wonderful drawings illustrating our outstanding monuments. Through their drawings, they expressed their love for the cultural heritage of their country and in turn it gave children an opportunity to know more about the monuments. Indeed, Art encourages children to think, develops many different skills and helps gain confidence. Children participated with full enthusiasm and zest.
