Outdoor Recreational Activities- IV-VI

“Children are like buds in a garden and should be carefully and lovingly nurtured, as they are the future of the nation and the citizens of tomorrow.”

- Jawahar Lal Nehru

In an endeavor to make this Children's Day momentous for our lovely students, the much awaited outdoor recreational activities were held on 15th November, 2021, with great mirth and camaraderie. During the celebration, the students from Grade IV-VI participated in various fun and intriguing races such as 50 meter Dash race, Shuttle Race, Hurdle Race, etc. Through these activities, our budding sports stars not only created memories of a lifetime, but also their young and impressionable minds learnt values like discipline, accountability and the crucial role of fitness. The eventful day was concluded with a fun Class party, where the students created unforgettable and enduring moments with their Classmates. Overall, the entire event was a huge success among our young enthusiasts and allowed them to explore new dimensions.

Special Diwali Assembly- Grade 4

“The greatest significance of Diwali is to light up new, bright and colourful dreams, fresh hopes and undiscovered ways.”

The festival of Diwali marks the beginning of a new year with a series of solemn occasions; Therefore to celebrate the commencement of this festive period, the students of Grade 4 held a special assembly. The students began with a soulful chanting of Shlokas; followed by a prayer to the Almighty. The choir, in their lyrical voices, presented songs to add melody to the occasion. They also shared interesting facts about the festival followed by a beautiful group dance performance. In the end, the students enlightened everyone about how one can celebrate a cracker free, environment friendly and a safe Diwali. The exhilaration and celebratory spirit that Diwali brings was unmatched.

Integrated Activities English- Think-Pair-Share

To let the students articulate themselves in a better manner and to work on their social skills the Educators organized an activity based on the poem (Foreign Lands) from their course book. During the activity they were divided into pairs, and were allowed some time to go through the text and then discuss with their partners. After the stipulated time was over, the teachers asked questions in the class to understand their individual and group interpretations. The activity not only gave students a better and deep understanding of the topic but it also made them more confident and positive.

Indian National Movement- EVS

“Sarfroshi ki tamanna ab humare dil me hai, Dekhna hai zor kitna baazu-e-qaatil me hai.” - Ramprasad Bismil

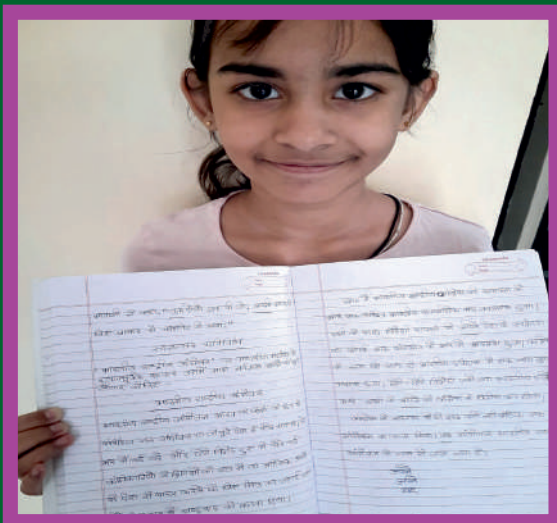

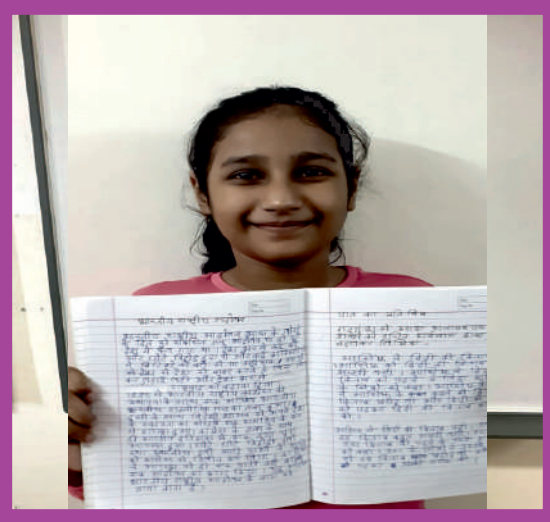

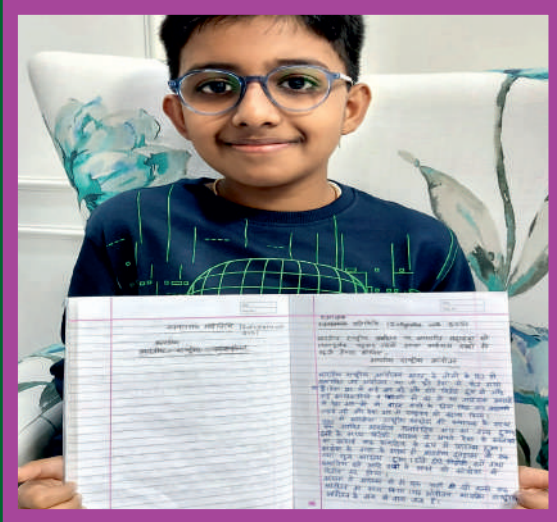

At DPS GBN, we ensure that the students observe and practice to arrive at their own conclusion while studying History. Thus, through the experiential learning method of studying the chapter, “Indian National Movement”, the students of Grade 5 were asked to dress up and emulate any one freedom fighter of their choice. With this way of learning, the students were able to connect with the content and the vocabulary; the class was also more interactive than a regular History class.

Hindi Activity Report

"भारतीय राष्ट्रीय आंदोलन में हिंदी का सूत्रपात"

किसी भी देश की पहचान वहाँ की भाषा व उससे जुड़े साहित्य से होती है। हमारे संविधान के निर्माताओं ने 14 सितम्बर 1950 को हिंदी को राजभाषा के रूप में स्वीकारा, परंतु इसका प्रभाव एवं महत्त्व हमारे **भारतीय राष्ट्रीय आंदोलन** में प्रारंभ से ही परिलक्षित होता है। हिंदी विषय में विभिन्न कार्य-कलापों के माध्यम से बच्चों को भारतीय राष्ट्रीय आंदोलन के मुख्य पहलुओं से अवगत कराने के लिए कक्षा पाँच के विद्यार्थियों के लिए "भारतीय राष्ट्रीय आंदोलन" पर अनुच्छेद-लेखन की गतिविधि का आयोजन किया गया, जिससे हिंदी भाषा के साथ इतिहास का समावेश करके छात्रों में हिंदी भाषा व भारत के लोगों के हित से संबंधित जन आंदोलन के प्रति जागरूकता उत्पन्न करने का प्रयास किया गया। इस गतिविधि के माध्यम से छात्रों को राष्ट्रीय आंदोलन में हिंदी भाषा के योगदान से परिचित कराया गया।

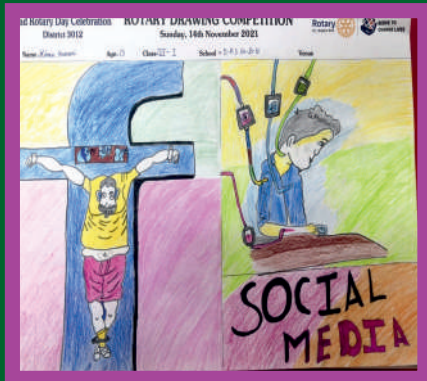

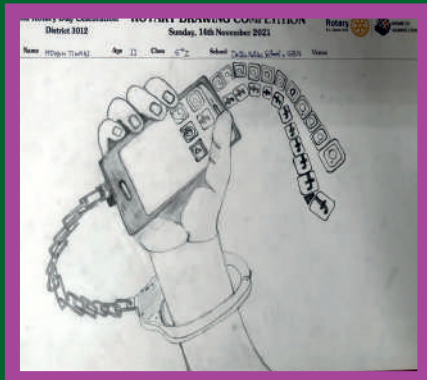

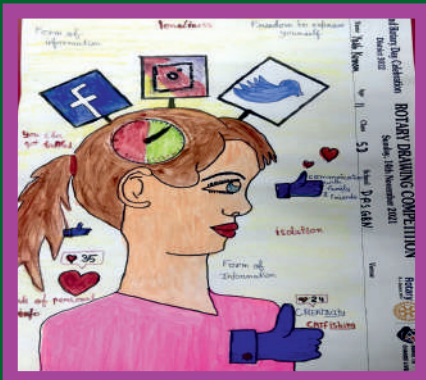

Maths Activity Fraction Wall Activity

“Mighty is Geometry – Joined with Art, Resistless.”

Learning by doing is the best way to Learn. These words of Aristotle inspired our Grade 5 learners to discover the various aspects of Geometry through hands on experience. The students created abstract art designs using concentric circle, they pasted them on the sketch of trees and made beautiful Kandinsky Art Projects. Through this activity, the students learnt that how Geometry is around us and they also developed their IQ to look for patterns all around.

ART CONNER
