Nursery & Prep

6. 'Eid and Rakshabandhan' were celebrated on July 31, 2020.

Prep

7. 'Monsoon Fun' activity was conducted on August 13, 2020.
8. 'Spotlight – Act & Say Activity' was organised on August 14, 2020.

Yellow Day

Early identification of colours helps to create the cognitive link between visual clues and words. To enhance the recognition of yellow colour, Day care celebrated 'Yellow Day' on August 8, 2020. The children and teachers looked vibrant dressed in yellow coloured clothes. The kids were excited to be a part of 'Yellow Tang Party' wherein, they enjoyed adding and stirring the tang to their glasses of water. They were thrilled to see the colour of the water change to yellow! Sipping the yummy tang was indeed a party for them. It was an enjoyable session and the children learnt the recognition of the colour with fun and enthusiasm.

Rakshabandhan

Rakshabandhan is a special festival to celebrate the bond of love between a brother and a sister. Day care children had a wonderful time as they celebrated **Rakshabandhan** on July 31, 2020 and participated enthusiastically in the Rakhi making activity. To add to the festivity, the children were dressed in colourful, traditional clothes. Children, with the help of their parents, followed the instructions given by the teachers in making rakhi. They decorated the rakhis with sequins and mirrors, and were ecstatic to see their beautiful creation. They danced to the songs that the teachers played online. The session ended on a very happy note!

Independence Day Celebration

On the occasion of **74th Independence Day**, classes Day Care and Nursery celebrated this National festival of India with a lot of enthusiasm. To ignite the patriotic spirit in the young minds, children joined the celebration on MS Teams on August 14, 2020 wearing tri-coloured clothes. All the children rose up to the National Anthem showing the respect for their country. Children were told the meaning the independence through a short story and were also enlightened about the different National Symbols of India. They were also told about the supreme sacrifices of great martyrs who gave their lives for the sake of freedom. Our youngest dipsites of Day Care looked adorable dressed up as their favourite freedom fighter. It was heartening to see them enact their roles and speak a few lines about the character. On the other hand, our little patriots of Nursery shared their thoughts about what they would like to do independently when they grow up. The kids were also explained the relevance of the three

colours of our National Flag. The students of Nursery also enjoyed making a special Independence Day craft (Fridge Magnet). This was followed by a dance by the teachers along with the kids on foot tapping patriotic number. It was indeed a wonderful celebration that made this historic day memorable.

Fruits and Vegetables Salad Party

'Healthy food creates healthy minds'

If learning isn't fun, it won't be effective. To take this vision forward, Nursery conducted 'Fruits and Vegetables Salad Party' on August 6, 2020 as an effort to instill healthy eating habits in the kids by making nutritious choices appealing. The kids filled the scooped tomatoes with sprouts and veggies and decorated the salad under the guidance of their teachers. Their faces lit up with happiness when they saw their salad turn out into mini boats and butterflies. They eagerly waited to taste their salad and enjoyed having it with their parents. It was a delightful session where learning about healthy eating habits was a time full of excitement.

Janmashtami Celebration

The day of love and fortune. The day of birth of Lord Krishna - a lover, a friend, a divine guru.

To celebrate the birth of Lord Krishna, Nursery kids celebrated 'Krishna Janmashtami' on Aug 10, 2020. All our tiny tots looked gorgeous dressed up as little Krishnas and Radhas. The teachers welcomed their students by singing a small Krishna bhajan. It was then followed by showing a short story on Krishna Janam. As the kids watched the story, their eyes filled with surprise to see Krishna's magical birth. It was a treat to watch the kids enact Makhan Chor scene. The kids performed mesmerizing dances and Krishna bhajans which made the session very interesting and brought out hidden talents of our dear children. It was indeed an exciting and jubilant celebration enjoyed by the children and teachers.

Unity in diversity

"United we stand, divided we fall." - Abraham Lincoln

Religious festivals are celebrated throughout India. They make people forget their cultural and religious differences and unite them for the sole purpose of celebration and happiness. Our growing children need to be taught the true meaning of festivals as well. Keeping this in mind, Nursery and Prep celebrated Eid and Rakshabandhan on July 31, 2020. The session of Nursery started with the class teachers telling the children about India's diverse festivals. It was carried forward by two parents from each class, who were asked to speak about their festival- Eid and Rakshabandhan. Parents were very happy to interact with the children. They made the session interesting by narrating stories about their festival as to why and how it is celebrated. They also prepared Eid delicacies and shared the ingredients. Thereafter, they demonstrated Rakhi tying with the child which was followed by exchange of gifts among them. The children were overjoyed to see their teachers dance with them on Eid and Rakshabandhan songs. The kids of grade Prep were told about the significance of these festivals, followed by a Rakhi and Eid craft. Children of both the grades made beautiful Rakhis with the help of their teachers and were delighted to flaunt them. It was indeed a wonderful session which brought the children, parents and teachers together.

Monsoon Fun

"Anyone who says sunshine brings happiness has never danced in the rain."

Monsoon season is the most welcomed season as it comes after the summer season and brings relief to the burning Earth scorched during the summer. Children love to play in the rain and jump in the puddles, trees get a new shine, sky looks cloudy, crops are harvested, flowers bloom, gardens become green and attractive. So, to cherish this refreshing season of Monsoon, an online session 'Monsoon Fun' was organized for our kids of grade Prep on August 13, 2020. During the session, the kids learnt about the things we use during this season, formation of rainbow and the activities we can do to enjoy the season. They were thrilled when the teachers told them the steps to make a paper boat. The most exciting part of the session was when the kids got their bowl/tub of water and sailed their boats while singing rhymes related to the season. It was mesmerizing to see the kids playing with their paper boats and creating memories for life.

Spotlight: Act & Say Activity

"Freedom in our mind, faith in the words, pride in our souls."

With immense love and passion for our motherland, grade Prep celebrated the 74th Independence Day with a jovial activity 'Spotlight: Act & Say' on August 14, 2020. The children were dressed up as a famous personality, who had served the nation in any way and made us proud to be an Indian. The activity boosted the self-confidence of the young scholars as they walked proudly dressed up as Freedom Fighters, Sports men, Farmer, Astronaut, Great leaders, Scientists, Soldiers, Warriors etc. and spoke few lines about them. It was heart-warming to see the feeling of patriotism amongst the kids as they recited famous slogans by our freedom fighters. The little ones carried off their transformation into famous personalities impressively and amazingly, and enthralled everyone with their remarkable performances.
