Workshop:

- Regular online stimulating workshops and webinars were conducted in the month of June, 2021 for teachers and students alike.

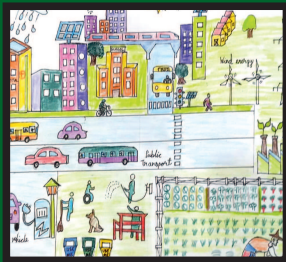

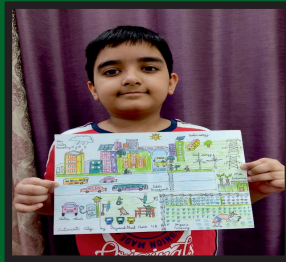

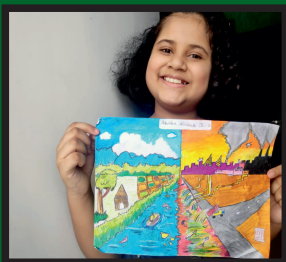

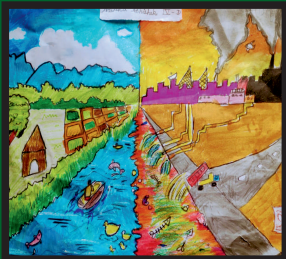

SNIPPETS

Commemoration of Nature and Humankind

“Conservation is a state of harmony between human and land.”

Keeping this thought in mind, DPS, GBN conducted various offline competitions from Grades 4-6 on 5th June, 2021 to mark the celebration of World Environment Day. Providing an amalgamation of knowledge and creativity, young learners of Grade 4 exhibited their astounding talent by designing 'futuristic cities', while enthusiastic innovators of Grade 5, showcased their out of the box approach during the 'Eco Hero Award' competition and presented intriguing and informative videos on climate action and change.

Eloquent speakers of Grade 6, on the other hand, delivered outstanding report on Environment and also highlighted Sustainable Development Goals. Overall, the entire initiative turned out to be successful and informative.

International Day of Yoga- A Celebration of Self Realization and Equanimity!

“Yoga is the journey of the self, through the self, to the self.”-Bhagavad Gita

Keeping up with this tradition, DPS, GBN recently commemorated International Day of Yoga on 21st June, 2021 for the students with great zeal and enthusiasm. The main theme of International Day of Yoga for this year is 'Yoga for Wellness.' Therefore, in order to make students of Grades 4-6 harmonize with their inner selves, the school celebrated the International Day of Yoga to encourage the harmonious union of the body, mind, and soul. The virtual celebration commenced with the invigorating session of Surya Namaskar, followed by breathing exercises.

During the celebration, our young yogis and yoginis were also enlightened about the benefits of yoga and were made aware about a state of equanimity, concept of better physical health, and self-realization. All the students participated in various competitions with great ardor and showcased their flexibility by recording videos and clicking pictures in different yoga poses. Grade 6, on the other hand, also showcased their impressive artistic skills and impeccable talent through competitions like Painting, Yoga Practice Video and a Quiz by DIOS. The entire initiative was an amalgamation of great fun and enthralling learning.

Evolving Education-Academics

Decoding the Pyramid Secret

"Maths gives us every reason to hope that every problem has a solution."

Learning with fun is what is needed in the present scenario. When the concepts in Maths are interestingly explained; the students are sure to comprehend it.

To strengthen the creativity and logical reasoning of the students, the Mathematical wizards of the Primary wing organized the activity, 'Decoding the Pyramid Secret'. This activity provided adequate platform to our budding Mathematicians, as they decoded the pyramid secret while applying their conceptual knowledge.

The students enjoyed this fun-way of learning Mathematics and were able to perceive the concept well.

Hands-On Learning

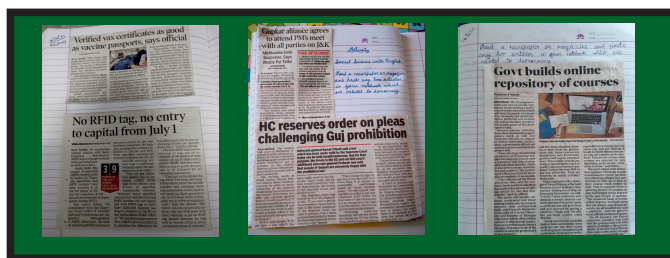

The Educators thematically organized hands-on activities for the students of Grade 4 and 6 to develop the skills of systematic observation and analysis. To explicate the concept of weaving the, 'Paper Weaving Activity' was carried out for the students of Grade 6. Students readied a mat by weaving the strips of paper.

This simplified method made it possible for our young learners to get in the rhythm of weaving and create pieces to be used in their own play or around the house. While by 'Vegetable Printing' activity, students of Grade 4, crafted distinct patterns on a piece of cloth. They learnt the various possible ways of using vegetables creatively.

Social and Democratic Values- Social Science

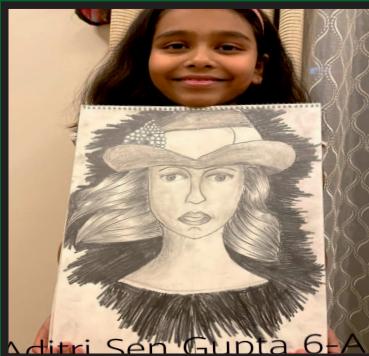

At DPS, GBN, we ensure that our scholars fathom the social and democratic values; therefore, to concretise the concept, an array of activities like newspaper reading, pasting articles on a sheet and detailing the democratic process were conducted for the students of Grade 6. The diverse activities' session kept the students intrigued and provided an extension to their knowledge.

Art Corner

The Creative Pod

“Painting is just another way of keeping a diary.” -Pablo Picasso

DPS, GBN aspires to develop aesthetic sense in our students and give them a platform where they are able to articulate themselves freely. Our budding artists are taught the finer nuances of painting and techniques besides creating artworks using waste and recyclable material. During the online Art session, students expounded their creativity by involving themselves with plethora of enjoyable activities like wall painting, mug painting, stone art and card making etc. Students not only learned to explore the extent of their imagination but also attained equanimity during tough times like these.
